(1) Renovation and expansion Project of Thai Nguyen Iron and Steel Company - Phase 2

Thai Nguyen Iron and Steel Joint Stock Company (TISCO) - a subsidiary of the Corporation is implementing the project "Renovating and expanding production of Thai Nguyen Iron and Steel Company - phase 2" with a total investment cost of The project's initial estimate is VND 3,843.67 billion and according to the approved adjusted estimate, the total new investment of the project is VND 8,104.91 billion (according to the contract signed with the main contractor of the China Metallurgical Group Corporation (MCC) No. 01#EPC/TISCO-MCC dated 12 July 2007).

The Project commenced in 2007 but has remained suspended since 2013 to date. The TISCO's management, together with Vietnam Steel Corporation - JSC (VNSteel), continues to negotiate with the EPC contractor and coordinate with relevant state authorities to resolve project-related difficulties.

On 20 February 2019, the Government Inspectorate announced "Inspection conclusion of the Phase 2 production expansion project - Thai Nguyen Iron and Steel Company". The Government Inspectorate's recommendations are still in the process of being implemented. The project's investment costs may change after the Government Inspectorate's recommendations are implemented.

On 11 November 2021, the Hanoi High People's Court issued Judgment No. 531/2021/HS-PT related to the Project. According to the judgment, the damage determined in the case is the actual interest TISCO had to pay to the banks since the project was delayed (from 31 May 2011) until the time of the case prosecution, amounting to VND 830,253,115,150. The defendants named in the judgment are required to compensate TISCO for the aforementioned amount.

On 13 February 2023, the Civil Judgment Enforcement Department of Hanoi issued Enforcement Decision No. 624/QĐ-CTHADS regarding the enforcement of the court judgment requiring the defendants to compensate TISCO. As at 30 Sept 2026, TISCO had received compensation amounting to VND 150,790,593,212 from the Civil Judgment Enforcement Department of Hanoi. This amount represents the funds collected by the authority from the defendants. TISCO recorded a reduction in capitalised borrowing costs of the Project corresponding to the amount received.

Interest expenses and late payment interest on the project-related loans incurred from 2007 to present have been separately tracked and capitalized into the project investment value. As of 31 December 2024, the Bac Kan Regional Development Bank - Thai Nguyen Branch issued Notification No. 460/TB.NHPT.BK-TN, stating that it has waived the accrued interest on overdue interest payments which had not been collected as of 21 December 2023, amounting to VND 506,567,725,220. Accordingly, TISCO has recorded a reduction in the Project investment value corresponding to the waived interest debt.

As at 30 Sept 2026, the total investment value of the project under construction amounted to VND 6,698.771 billion, of which capitalised borrowing costs were VND 3,478.411 billion. Increases during the period mainly related to capitalised borrowing costs, while the decreases during the period represents compensation received pursuant to the court judgment.

- The Corporation recognized the entire value of the locational advantages of the land plots recorded on its books, amounting to VND 200,382,114,600, as an expense in 2021, in accordance with the guidance provided in Official Letter No. 6749/BTC-TCN issued by the Ministry of Finance, which was subsequently approved by the General Meeting of Shareholders. Among these were several land plots for which the competent local authorities issued land recovery decisions after VNSTEEL had officially converted into a joint-stock company, including: the land plot at 67 Ngo Quyen Street, May Chai Ward, Ngo Quyen District, Hai Phong City; the land plot at 303 Le Hong Phong Street, Phuoc Hai Ward, Nha Trang City; and the land plot at Binh Tan Warehouse, Binh Tan Ward, Nha Trang City. This land plot was subject to a land recovery decision issued by the competent local authority during the period between the enterprise valuation date and the date on which VNSTEEL officially converted into a joint-stock company. The Corporation is awaiting the appropriate resolution for this matter.
- With respect to the land plot at 141 Phan Chu Trinh Street, Ward 2, Vung Tau City, with a total area of 3,679.1 m², including 863 m² acquired from private individuals, the Ba Ria-Vung Tau Provincial People's Committee issued a decision on 10 September 2014 to recover the entire land plot based on the actual surveyed area and subsequently lease it back to VNSTEEL for use as the Phuong Nam Hotel. The Corporation continues to recognize the acquisition cost of the 863 m² land area acquired from private individuals as an intangible asset, pending further guidance and an appropriate resolution regarding this portion of the land.
- The Corporation engaged an independent consulting firm to prepare the final equitization settlement dossier in accordance with the guidance of the Ministry of Industry and Trade set out in Official Letter No. 1316/BCT-TC dated 16 March 2022.
